

Artists or researchers interested in residing with Culture Vultures
in AiR Sefrou

There is a simple application process, which is as follows.

1. Complete and email google form. Include 4 – 6 references to your work. (Jpeg, Mp3, word doc and pdfs are recognized)
2. The above documentation is reviewed with the consideration that an independent residency in Sefrou is compatible to your request. You will be e-mailed within 5 working days.
3. Should your application be accepted, a zoom conversation is requested. This is an opportunity to clarify any needs and expectations from both you, the arts professional and the organization.
4. The dates are agreed upon, subject to availability.
5. Upon mutual approval, a 30% deposit is required that confirms your place on our residency.

The following points are aimed at clarifying some practicalities that may influence your submission.

- We are a arts organization that has worked from the heart of Sefrou since 2014.
- There is a house manager, who is responsible for greeting guests, overseeing any maintenance and a contact for practical information.
- Arts professionals applying should be self-governed and understand that there is no guarantee of other artists residing with C.V. at the same period.
- Simple studios, that enable practitioners to work in the heart of the medina and be part of the ebb and flow, are available at an added cost. For artists working in medium that may damage surfaces, they are a requirement.
- Also offered are language classes, local guides for touring the region and domestic support such as cooked traditional meals and laundry service.
- Professional support such as assistants, facilitators, artisan collaborations, presentation of work are to be discussed during the application process, as they are a finite option. For the supplementary costs, please see the attached document.
- All accommodation is comfortable and supportive to an artist's stay. Wifi and dry working spaces are available, as is comfortable furniture and an inviting environment.
