**Tipping kitty** - Tipping is part of everyday life in Morocco, especially on the road. To keep things simple, we run a shared kitty. Each traveller begins the trip with a contribution of 1,000 dirhams (about €100), which covers tips for waiters, service staff, hotel staff and porters on behalf of the whole group. The kitty is topped up if and when needed, including to thank our driver at the end of the quest. Taking part is optional, though previous questers have appreciated the collective system.
